

Traffic vs Accident Reduction 2020

Less cars on road = a lot less accidents.

Vehicle miles traveled nationwide was down 41% in April and projections show up to a 9.4% decrease in 2020.

Due to reduced traffic on roads, accidents have dramatically fallen. For each 1% drop in traffic, there's a 1.5% drop in accidents.

Accident data in April and May show up to a 70% decline in car accidents.

	Traffic Reduction	Accident Reduction
April	-37%	-59%
May	-12%	-17%
June (forecasted)	-9%	-12%
July (forecasted)	-5%	-7%
August (forecasted)	-4%	-6%
